

# Rivers of Gold

***The disastrous legacy of the gold mining industry in Victoria.***

Prof. Susan Lawrence (Archeology, LaTrobe University) will speak about a project which investigated the impacts of the gold mining industry in Victoria.

*What toll did farmers and the river systems pay for the prosperity that gold brought?*

*Victoria has a long history of environmental damage in the name of 'progress' – will it ever end?*

**Friday, February 22<sup>nd</sup>**

**Newham Hall**

7pm drinks & nibbles

**7.30pm speaker**

Supper to follow
