

**Macedon
Ranges**
Shire Council

and

Newham &
District
Landcare
Group

invite NDLG members to meet the night time creatures of our Newham roadsides

Ecologist Karl Just will present the exciting findings of the arboreal animal spotlights he carried out across 10 roadsides in the Newham area. We encounter unique fauna that illustrate the value of our roadsides as habitat.

Sugar Glider

Boobook Owl

Brush-tailed Phascogale

Date: Wednesday March 24th

Time: 7 pm drinks and nibbles before 7.30pm presentation and discussion

Newham Mechanics Hall

Free. Supper to follow,

plus an optional spotlight conducted on a nearby roadside to search for elusive possums and owls.

Karl's report of our joint project, titled *Newham Roadsides Nocturnal Fauna Surveys* will also be launched, with copies available.

You must respond via EventBrite at newhamfauna.eventbrite.com.au

There is a Covid limit of 50 in the Hall so be quick!

Inquiries to **Helen Scott** at orseda@bigpond.com or 0412 582 526
