

Newham & District Landcare Group

Friday 21 July 2023

6.30 for 7pm

Newham Mechanics Hall

Mark Bachmann

Mark will explore recent highlights from NGT's ecological restoration projects across south-eastern Australia. His talk will include a special exploration of peatlands, including their value, protection and restoration.

Mark Bachmann
Principal Ecologist and Manager

May 2022 – Before works

May 2022 – After works

June 2022 – Successful slope re-saturation

Mark has been working on a diversity of environmental issues across south-eastern Australia for the last 25 years.

Leading Nature Glenelg Trust (NGT) since its launch in January 2012, Mark has a breadth of applied scientific expertise across a wide range of biodiversity issues, such as:

- threatened species
- recovery
- ecological restoration, including wetland restoration

6.30 pm drinks and nibbles | 7.00pm AGM | 7.15 Guest speaker and questions | Supper to follow
