Bushfire Risk & Biodiversity Field Day

Join CFA's Statewide Vegetation Management Team, an independent Fire Ecologist (honourary research fellow, Federation University), and a Fauna Ecologist to undertake practical assessments on a local property and discuss the decision process in managing your own land to mitigate fire risk and preserve conservation values.

WHEN

Saturday 26th October
10am - 3pm (Lunch provided)

WHERE

Newham (property address will be emailed to you after registration for the field day)
