

NEWHAM & DISTRICT LANDCARE GROUP presents Barry Golding

Author of "SIX PEAKS SPEAK"

Unsettling Legacies in Southern Dja Dja Wurrung Country

NEWHAM HALL, FRIDAY 7th NOVEMBER

Bill Gammage wrote, "This is a history unlike any I have read, regional in focus but universal in argument... It ranges from deep geological time to calls for future repair and restoration. It argues for Dja Dja Wurrung to be recognised and for Aboriginal people everywhere to be given a fair go... No-one else could write this book. It needed locals to spend decades tramping or cycling the land, seeing and questioning as Golding and Willman have... [They] enlighten not only where they live, but where you do."

Admission is free.

A light supper will be provided; wine by the glass for a donation.

7:00 pm to 9:00 pm @1292 Rochford Road, Newham VIC 3442
